

Job ID: 537438
Title: Associate Product Manager, Market Information
Company: Standard Chartered Bank

Job Description

The position is within the Market Information team which forms part of the Securities Services ASEAN and South Asia (ASA) team, reporting into the Regional Market Information head, based in Singapore. The Market Information team manages market information for the ASA Securities Services network for the extensive client community. The primary overall aim of this position is to improve consistency of market information in the region and to increase control and improve satisfaction among clients.

This will include:

- maintaining strong relationships with our internal stakeholders across ASA
- developing and deepening strong relationships with market intermediaries including exchanges, depositories, regulators and engage in pro-active discussions around key market developments
- Writing newsflashes, market profiles and being the front line of delivering market information to our clients across ASA
- Provide guidance / support to the client management team by participating in client calls and/or arrange periodic market update calls for clients

Qualifications and Skills

- Ability to keep abreast of changes in the market, understand client requirements and take decisions on distribution of client communications which are relevant.
- Ability to write and communicate effectively to clients and stakeholders – strong command of English language
- Ability to think critically and to process the data in a way that makes communication to clients effective
- Attention to detail and good organisational skills
- Experience in Securities Services products advantageous
- Experience in financial journalism a plus
- 2 to 3 years of experience
- Adequate knowledge of the market processes including securities trading and settlement
