Position: Deputy Director or Assistant Director
Company: MAS Academy
Location: Singapore

Company Summary
The MAS Academy was established to oversee and implement in-house and regional technical training programmes as well as to host study visits from visiting regulators. We organise more than 100 training programmes, talks and events annually. We work closely with our human resource colleagues, line managers and staff as well as regional regulators to ensure that our programmes meet MAS’ exacting learning needs.

Job Responsibilities
- Plan, coordinate and implement in-house and regional training programmes
- Partner line departments or regional organisations to conduct training needs analysis as well as to identify and implement effective learning strategies to address competency gaps
- Manage procurement processes and external training vendors to deliver programmes
- Work with subject matter experts to design and deliver effective learning programmes
- Monitor and evaluate effectiveness of programmes

Job Requirements
- Strong interest in the field of learning and development
- Team player who is comfortable working through ambiguity and in a fast-paced dynamic environment where independence, felicity and adaptability are required
- Strong oral, written and presentation skills with demonstrated ability to influence others at all levels
- Advanced Certificate in Training and Assessment (ACTA) or Diploma in Adult and Continuing Education (DACE) a plus
