Position: Margin Marketing Executive
Company: Phillip Securities
Location: Singapore

Job Responsibilities
You will be responsible for promoting margin trading in Phillip Securities, by engaging sales channels and clients. Those engagement can be in-person engagement and marketing activities, including creating and optimising internal or external communication, social media marketing, and organising seminars and events.

For margin trading, it is essential to manage risks in order to mitigate overall losses and maximise risk returns. Thus, you will also be involved in daily operations and in performing risk assessments, and work closely with your supervisor to establish efficient procedures and practices in risk management. As a margin product specialist, you will also be involved in margin system enhancement user acceptance testing.

Job Requirements
- Degree holder
- Minimum 1 year of related experience in a financial industry will be an advantage
- Good understanding in securities trading and settlement
- Experience in digital marketing will be an advantage
- Good interpersonal skill
- Comfortable and good with numbers
- Possess problem solving and analytical skills
- Able to perform under tight deadlines and stressful environment
- Responsible and follow-through attitude is a must

Application
To apply, please submit your detailed resume to Ms Teo Rui Ping of Phillip Securities at teorp@phillip.com.sg.

Only shortlisted applicants will be notified.
