Position: Investment Analyst
Company: Insignia Ventures Partners

Insignia Ventures Partners
Insignia Ventures Partners is a venture capital with a focus on investments in Southeast Asia. The team consists of seasoned founders and investors that provides resources to startups for growth and expansion. It is launched by Yinglan Tan, ex-Sequoia partner and CEO of Sequoia Capital (India) Singapore.

About the team
We all have our quirks and differences but we are a unique team of passionate and multi-talented people. Together, we are inspired by that moonshot ambition to reshape markets and change the world. Starting with Southeast Asia.

If you are looking to work alongside some of the best and brightest in a myriad of fields, here is your chance.

The team is growing and we are looking for Investment Analysts who are looking to change the future of Southeast Asia with us. Is the role glamorous? Perhaps, because you’ll meet some truly amazing folks in this type of roles who are wildly intelligent that have views and ideas that you could never begin to fathom. However, there's also that pressure to prove your "worth" to entrepreneurs, other investors, and your team.

So, besides some late nights spent on staying updated with the latest financings and keeping up with the steep learning curve; be prepared for tough hours, plenty of calls & emails, meetings, research, presentations and preparing materials for the partners. Basically, everything and anything, getting hands dirty and going beyond to get stuff done while helping to build the future of Southeast Asia with entrepreneurs of tomorrow.

What you’ll do:

- Research and analyse countries, sectors, companies and other investment topics/opportunities
- Conduct market research, opportunity and competitive landscape for potential investments
- Perform financial analysis and modelling, and interpret company and financial data to help the investment team make investment decisions
- Make recommendations for investment decisions in target businesses and industries
• Take part in Investment and financing projects to conduct due diligence, feasibility work and business negotiations;
• Screen pitch decks, meeting startups and assisting with due diligence and writing investment memos
• Participate in events that help build the ecosystem for diverse entrepreneurs in technology and innovation
• Assist with administrative and project-based responsibilities on ad-hoc basis

Requirements:

• 1 – 3 years of experience gained in investment banking, venture capital, early stage investments or startup markets within the technology sector
• Possess good business acumen and understanding of startups
• Driven to excel, have a passion for venture capital & startups and knowledge in Southeast Asia
• Possess excellent financial modelling, analytical and quantitative skills
• Proficiency in financial and investment concepts
• Expert level Excel and PowerPoint skills
• Be able to communicate with clients in South East Asia effectively
