Today’s society faces major challenges such as global warming, ageing, catastrophic risks and emerging threats such as cyber-attacks. They have been increasing in magnitude and complexity. To properly execute their job functions, risk managers and insurers need to develop innovative solutions and tools. They need to enhance corporate and personal risk management.

In recognising the need to develop a pipeline of talent for the RMI sector in the Asia-Pacific region, with the support of the Monetary Authority of Singapore (MAS) and the insurance industry, the NBS has decided to launch a Risk Management and Insurance (RMI) Programme from AY2015-16. With innovative courses, the RMI programme is designed to equip students with the key foundation that could help tackle insurance and financial risk management problems and find solutions.

**Managing Vulnerability, Mitigating Risk**

**Risk Management & Insurance 2 Compulsory Core Courses:**
- Insurance Law & Regulations
- Risk Modelling

**Choose 4 Prescribed Electives:**
